HARVARD WINS BITTER GAME FROM TIGERS

Six for Princeton on Gridiron.

**FUMBLES PLAY** 

One Opens Way to Field Goal by Mahan-Huge Crowd Enjoys Thrills.

It seems unfair almost to lay emphasis on this unfortunate feature of a game which by all odds was one way home, a big majority of those 35,000 men and women who reveiled in the thrills of the game and the tonic of the bracing, sun-lit air, will subscribe to the statement that two better matched football elevens rareign if ever, struggled up and down a chalk-marked, field, and that some little slip here or there was needed that some little slip here or there was needed.

There were a few men there, but as compared with the women their numbers were negligible. Carnegle Hall main floor and three galleries, was well filled, and as Osborne walked on to the stage he was greeted by many seconds of applause. As he spoke there were many more moments of enthusiasm, after a hurried investigation, said last night that he was not prepared to say that all the building requirements had not been observed.

To-day, it is believed. Fire Commissioner Robert Adamson and the Department of Labor also will take up the question of fixing responsi bility, if any, for the loss of life.

Orders to install sprinklers were given to the owner of the building some time ago, according to Deputy Fire Chief Lally, but the owner sought delay in an action which is still in the courts. The Department of Labor served notice about six weeks ago to have the walls alongside one stairway fireproofed with galvanized tin, but little progress had been made on this work.

# 8 Girls, 4 Men Die in Factory Fire; 150 Workers in Panic Fight for Life

Three Women Crushed to Death in Struggle on Fire Escape.

29 INJURED TAKEN TO HOSPITALS

Owner of Williamsburg Building Arrested as Three Investigations of Blaze Are Begun.

Smoke and panic caused the death of twelve persons yesterday afternoon in the five story factory building at 281 and 287 North Sixth Street, in the Williamsburg section of Brooklyn. Those who were not strangled by smoke as they fell before the wild rush for safety were killed by jumping from windows or from the single fire escape.

Two others are dying, and twentyseven lie injured in Brooklyn hos-

Seven persons may be missing, according to the inquiries made at the Bedford Avenue police station by relatives of workers in the building.

Mrs. Celia Diamond, who owns the building, and her husband, E. L. Diamond, head of the Diamond Candy Company, on the first and second floors of the building, were arrested on charges of criminal negligence.

Diamond admitted that he had received an order between three and five weeks ago to fireproof the walls instructed a man to have this work also been a dispute with the authorities as to the necessity of putting in

SERBIA SOON HELPLESS SAYS BULGAR MINISTER

Berlin (via London), Nov. 6 .-The prediction that the Serbian campaign will be ended in two or three weeks is made by M. Optimism Ruling Spirit of Press, Which Foresees Effective Results from New Plan. London, Nov. 6 .- Field Marshal

Earl Kitchener, British Secretary of State for War, and the leading military figure in Great Britain to-day, ir on his way to the scene of the fighting in the Near East, where it is expected that he will delve deeply into conditions and adopt measures by which it is hoped in the Entente capitals that the situation may work out of the tangle in which appears to be involved. Following yesterday's statement

The wide extent of these operations and their thoroughness has aroused no little doubt here of the report that Mackensen was handicapped by a shortage of men. If such were the case, it is pointed out, it would be unnecessary to go beyond the Oriental railway and protect it from flank attacks. As these objects have now largely been satisfied, the armies could be freed for use on other fronts, or to initiate Germany's boasted attacks on Egypt and India.
